RISK MANAGEMENT SERVICES

Loss Control and Safety

Virtual and On-site evaluations – in-person & telephonic/virtual risk management evaluations, including job site analysis, ergonomics, OSHA compliance, and more.

Loss Control Implementation – consultations, handbook-readywritten programs, and assistance with the implementation of internal loss control procedures such as drug free programs, return-to-work and light-duty programs, and more.

Experience Mod Evaluation - an evaluation of the future valuations of current losses, and assistance with reducing the future exposure of open claims.

Best Practice Assessment

A comprehensive consultation including any combination, or all of the internal organizational procedures listed below, including gap analysis, customized risk reduction recommendations, and an action plan for implementation of recommendations.

- **Recruiting & Hiring Practices**
- **Employee Training Practices**
- **Internal Structure and Management Culture**
- **Supervisor Accountability /Safety Incentive Program(s)**
- **Internal Post-accident & Claims Procedures**

Claims Management and Advocacy

Risk & Trend Analysis -analysis of historical losses to identify inherent organizational risks, and evaluation of reserves and open claims to determine if reduction or claim closure is possible.

Periodic Claims Reviews - informal or regularly scheduled reviews of claims, including adjuster/carrier involvement when necessary.

Discounted Risk Management and Safety Products

- **Drug screening & testing kits**
- **Background checks**
- **Integrity testing**
- **Safety training**
- **Safety gear/equipment and more**

"Ask the Expert"

Anytime access to a licensed claims & risk consultant regarding general workers' compensation insight, claims inquiries and issues, jurisdictional statutes, and state administrative and regulatory procedures/changes.

Some services may incur a fee.
